**Public Comments:**

Linda Karch: When arriving at the dog park she was met with dogs jumping on her vehicle and while attempting to roll up her windows she jammed her hand and ruptured her tendons. The unleashed dogs followed her into the park. She called the police to file a report and the officer never got out of his car or had his body cam working. He told her everyone knew about her, so she went to the Sheriff's Department, and they told her not to worry about it. She questioned who told the Sheriff about her.

Donald Strugala: Questioned the structure being built at 5737 Port Austin Road and if it conformed with the building code.

Joanne Duick: Will it be used for commercial uses such as storage? Read about the grant the City received to build a recreation center – do Township taxes fund the City?

**Board Comments:** None.

Meeting adjourned at 4:25 p.m.
