### **Information and survey for the Caseville Township Residents**

In January 2018, Caseville Township purchased 6.81 acres bordering the 8 acres already owned by the Township; creating a 15 acre parcel. This property was formally the Greenview Poultry Farms. Recently, the main structure of the property was demolished, salvaging much of the concrete for potential use in the future. There are also two remaining buildings that are being upgraded and will be kept for future use.

The Township will be moving forward with the construction of a new township hall to be located on a three acre section at the corner of Caseville Rd. and Ann Drive. At this point plans are completed and the township board is finalizing plans for funding.

Today, we are seeking your input and ideas on what you would like to see this property used for. We have two basic questions.

1. Do you feel that Caseville Township has enough recreational opportunities? If not, please list some of the things you would like to see.

2. We are also looking for ideas on potential use of the two 30' (ft.) X 130' (ft.) buildings that have been salvaged. Please list any thoughts or ideas you may have.

You can respond on this form and mail it back to us at the above address; you can drop off your ideas to the township office anytime during office hours, or you can go to our website at [www.casevilletownship.com](http://www.casevilletownship.com) and share your ideas.

Thank you for your valuable input. We appreciate your time in responding to this request and we always welcome your ideas.
